

SEPTEMBER NEWS

PRAYER / PRAISE

As we enter into the month of September, we ask that you please be praying for the CBC property, equipment and security, as well as, safety, funding, and growth.

Also pray for the safety of everyone in CBC, the caretakers, cleaners and kitchen staff.

Generating Funds

Did you enjoy last month's video by Oseias? We used the magic of AI so he could communicate with you in English. In this month's video Marc and Oseias show the places where backup power is most important.

Our fundraising thermometer is rising, and we are so thankful for every new contribution.

We really hope to meet our goal by October 1st. **Scan above to give.**

There is no 'Fall' in Fortaleza

Did you know that Fortaleza's equatorial climate will bring plenty of sunshine and increasingly high temperatures until Christmas?

Our children have never seen the colors of fall or jumped in piles of crunchy leaves!

The Giggles

It happens to us here in Brazil, too. Sometimes you just get the giggles, and there is no holding it back!

Message From Marc

*He changes times and seasons;
... He gives wisdom to the
wise and knowledge to the
discerning. Daniel 2:21*

Even as Daniel feared for his life, he worshipped God and prayed for wisdom.

Brazil is in a season of change related to international trade.

This is causing uncertainty, unemployment, and very high inflation.

Please pray with us for the poor who are fearful and vulnerable.

As always, CBC seeks to offer a pathway out of poverty. May God give us wisdom as we serve in this changing season.

One More For The Dream

CBC has always focused on changing a child's life by challenging them to dream. That's how we came up with the word **DreamBUILDERS** for our monthly givers. **Help us find one more DreamBUILDER this fall.**

Carry the CBC literature to hand out. Contact the office, and we will send you some! Make a selfie video about how you feel supporting CBC and post it on your social media. Buy one of our new hoodies and wear it to spread the word!

Available to
order NOW

Keep Warm With A New CBC Hoodie

The term '**Dream On**' is often used ironically to communicate that what someone is hoping for is unlikely to happen. But **DREAMING ON** is the core of our mission for each child.

At our recent professions fair, this group of 8th & 9th graders shared their research into healthcare professions. Many of our children see physical suffering and speak about wanting to be a Doctor or Nurse. Activities like this help to consolidate dreams and really inspire our students to study for a life goal.

We believe each monthly gift, each class, each healthy meal is building a future and a dream.

With our **DREAM ON** hoodies, you can spark a conversation, tell your friends about CBC, and invite them to dream on with us as a monthly **Dream BUILDER**.
