

FEBRUARY NEWS

PRAYER / PRAISE

We are returning to school for a new academic year. Please pray for our staff and teachers as we set the stage for a year of learning.

We are in need of donations to help purchase school supplies for the new year,

Save The DATE
April 10, 2026

We will be holding our annual banquet at Calvary Assembly of God in Hampton, VA.

We look forward to seeing you there. More details to come.

BECOME A DREAMBUILDER IN 2026!

DIMENSIONS OF POVERTY

FOCUS ON SANITATION

32 million children in Brazil (over half) face some kind of poverty. Poor sanitation is a dimension of poverty that leads to increased sickness. The students at CBC live with inadequate sewage systems and they share low quality bathrooms between large numbers of people. Girls often lack access to supplies for their monthly period and have little privacy. In the community, trash is spread in the streets inviting vermin and disease.

Thank you

We are delighted to share these photos with you along with our heartfelt gratitude for your partnership. In 2025, we delivered over 1800 hours of education for 240 children and 40,000 nutritional meals. We are directly impacting over 300 families everyday, sharing the Gospel, discipling children, and sending them out as shining lights of hope and faith into their homes and community.

Thank you for doing this with us! It simply wouldn't be possible otherwise. This year we have also made huge strides forward protecting our infrastructure from the threat of flooding and ensuring that our buildings are maintained to a high standard. We've also been able to upgrade our truck, which Oseias uses daily, to bring us essential supplies and services.

Here are all the project we accomplished:

- New Generator
- Painting of Classroom Building Exterior
- Raising the level of ground between the gym and the chapel including building a retaining wall
- Painting of gymnasium structure and installation of guttering
- Drainage on soccer field
- Installation of netting on soccer field
- Maintenance of air conditioning units and pumps
- New computer equipment for the IT classroom
- Vehicle upgrade
